

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Heath Hayes Academy
Number of pupils in school	199
Proportion (%) of pupil premium eligible pupils	24%
Academic year/years that our current pupil premium strategy plan covers	2021/2022 2022/2023 2023/2024
Date this statement was published	October 2022
Date on which it will be reviewed	October 2023
Statement authorised by	Headteacher
Pupil premium lead	Headteacher
Governor / Trustee lead	Vice Chair of Governors

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£65,095
Recovery premium funding allocation this academic year	£6,960
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£72,055

Part A: Pupil premium strategy plan

Statement of intent

Introduced in 2011, the Pupil Premium is a sum of money given to schools each year by the Government to improve the attainment of disadvantaged children.

This is based on research showing that children from low-income families perform less well at school than their peers. Research showed that often, children who are entitled to Pupil Premium face challenges such as poor language and communication skills, less family support, lack of confidence and issues with attendance and punctuality compared to non-Pupil Premium children. The Pupil Premium is intended to directly benefit the children who are eligible, helping to narrow the gap between them and their classmates and their peers nationally.

Our key objectives in using the Pupil Premium funding are to ensure that:

- Quality first teaching is available to all children.
- Disadvantaged pupils perform as well as their peers regardless of their starting points.
- A widening of opportunity is available for all children.
- Children's health and well-being are effectively supported to enable them to attend and achieve.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Pupils are less likely to use metacognitive and self-regulatory strategies without being explicitly taught them.
2	Pupils are less likely to experience high quality oral interactions in their families, which develop and support oral language acquisition from an early age.
3	Pupils are less likely to experience enrichment due to high unemployment, low income, limited community engagement and a lack of positive role models.
4	Many disadvantaged pupils (23%) have additional needs associated with SEND which are unable to be effectively supported in the home due to challenges that parents and carers face.
5	The attendance of pupils is not prioritised by families in order to maximise progress and attainment.

Intended outcomes

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 25,205

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Professional development around metacognition and self-regulation.</p> <p>(6 x PD sessions)</p> <p>Texts to support this professional development</p>	<p>The average impact of metacognition and self-regulation strategies is an additional seven months' progress over the course of a year.</p> <p>Metacognition and self-regulation strategies can be effective when taught in collaborative groups so that learners can support each other and make their thinking explicit through discussion.</p> <p>More evidence can be found here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/metacognition-and-self-regulation</p> <p>Or here: https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/metacognition</p> <p>Rosenshine's Principles in Action Rosenshine's Principles in Action – The workbook Teaching Walkthrus – Tom Sherrington & Oliver Caviglioli Why don't students like school? Daniel Willingham</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p>	<p>1, 4 and 5.</p>
<p>Professional development in order to continue to develop the use of reading comprehension strategies.</p> <p>(6 x PD sessions)</p> <p>Phonics training RWI for all staff (£360)</p> <p>Phonics leader training (£160)</p>	<p>Reading comprehension strategies are high impact, on average (+6 months). Alongside phonics it is a crucial component of early reading instruction.</p> <p>A wide range of strategies and approaches can be successful, but for many pupils they need to be taught explicitly and consistently.</p> <p>Additional evidence can be found here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</p>	<p>1, 4 and 5.</p>
<p>Reviewing and revisiting the way in which feedback is provided in order to maximise progress towards learning outcomes.</p>	<p>Providing feedback is a well-evidenced and has a high impact on learning outcomes. Effective feedback tends to focus on the task, subject and self-regulation strategies: it provides specific information on how to improve.</p> <p>Different methods of feedback delivery can be effective and feedback should not be limited exclusively to written marking. Studies of verbal feedback show slightly higher impacts overall (+7 months).</p> <p>More evidence can be seen here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/feedback</p>	<p>1, 4 and 5.</p>

	Or here: https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/feedback	
Ensure that all ECTs receive high quality mentor sessions in order to promote a variety of strategies within the classroom, which lead to good or better outcomes.	Please see evidence of classroom strategies here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit	1, 2, 4 and 5.

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 34,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Receive appropriate training across the team in order to deliver oral language interventions which emphasise the importance of spoken language and verbal interaction in the classroom.</p> <p>Whole staff INSET PD Sessions (£2000)</p>	<p>On average, oral language approaches have a high impact on pupil outcomes of 6 months' additional progress.</p> <p>Training can support adults to ensure they model and develop pupils' oral language skills and vocabulary development.</p> <p>Additional evidence can be found here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</p>	2
<p>Implement Read, Write Inc. phonics from Reception to Year 2 and Fresh Start intervention from Year 3 onwards.</p> <p>(£310)</p> <p>Ensure that all required resources are readily available.</p>	<p>Phonics has a positive impact overall (+5 months) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds.</p> <p>More evidence can be seen here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</p>	2
<p>Invest in professional development for teaching assistants to deliver structured interventions.</p> <p>Deploy teaching assistants to deliver interventions as deemed necessary.</p> <p>(£1000)</p>	<p>The average impact of the deployment of teaching assistants is about an additional four months' progress over the course of a year.</p> <p>Teaching assistants can provide a large positive impact on learner outcomes.</p> <p>More evidence is documented here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/teaching-assistant-interventions</p>	1, 2, 4 and 5
<p>Utilise small group tuition across the school.</p>	<p>The average impact of the small group tuition is four additional months' progress, on average, over the course of a year.</p> <p>Evidence shows that small group tuition is effective and, as a rule of thumb, the smaller the group the better. Some studies suggest that greater feedback from the teacher, more sustained the engagement in smaller groups, or work which is more closely matched to learners' needs explains this impact.</p>	2 and 5

	Further evidence that supports this approach is here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition	
--	--	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 15,200

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Implement social and emotional learning interventions across the school through the development of the Relational Care Team.</p> <p>Nurture Accreditation (£600) Nurturing schools programme (£1000)</p>	<p>The average impact of successful SEL interventions is an additional four months' progress over the course of a year.</p> <p>Alongside academic outcomes, SEL interventions have an identifiable and valuable impact on attitudes to learning and social relationships in school.</p> <p>Additional evidence can be found here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p>	1, 2, 4 and 5
<p>The Relational Care Team will provide coaching and modelling to ensure that behaviour interventions using the restorative practice model are highly effective in reducing incidents.</p>	<p>The average impact of behaviour interventions is four additional months' progress over the course of a year. Evidence suggests that, on average, behaviour interventions can produce moderate improvements in academic performance along with a decrease in problematic behaviours.</p> <p>There is more evidence here: https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/behaviour-interventions</p>	1, 2, 4 and 5

Total budgeted cost: £72,055

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021. The positive impact for the pupils (43) during 2020/2021 has been reviewed making comparison to the previous Autumn End of 2019-2020. This data represents the % of pupils who are achieving at or above the expected standard by Summer end 2020 - 2021.

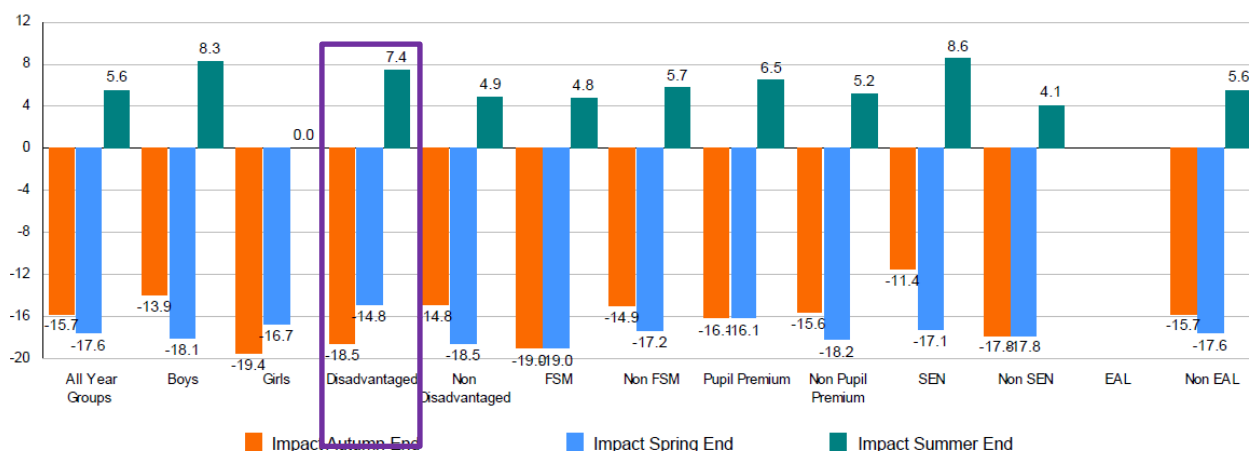

Reading, Writing and Maths (combined) **+3.7**

Reading **+7.4**

Writing **+3.7**

Maths **+3.7**

An example of reading can be seen here:

We also invested in enabling our children to develop life skills, improve attendance, develop a growth mindset and build resilience. All of these investments ultimately have a positive impact on educational engagement alongside physical and mental well-being.

Performance measures 21/22

- ELG 67%
- Year 1 Phonics Screening 96%
- KS1 SATS
 - Combined 67%
 - Maths 77%
 - Reading 73%
 - GPS 60%
- KS2 SATS
 - Combined 79%
 - Maths 86%
 - Reading 90%
 - Writing 83%
- Progress measures KS2
 - Reading 2.1
 - Writing 0.7
 - Maths 3.6

Further Information

At Heath Hayes Academy, we invest in all children (including those who are disadvantaged) in many additional ways as shown below:

Initiatives	
<p>The Heath Hayes Hero</p> <ul style="list-style-type: none"> - Hero's Curriculum - Hero's Journey - Hero's Journal 	<p>Everybody at Heath Hayes Academy can be a hero! From the bespoke curriculum right through to the Hero's Journal, all children are invited and supported to be a Heath Hayes Hero.</p> <p>More information can be found here:</p> <p>https://www.heathhayesacademy.co.uk/curriculum-overview/</p> <p>https://www.heathhayesacademy.co.uk/the-heros-journal/</p>
<p>Partnership with Cannock Chase Cultural Education Partnership</p>	<p>Arts Connect works with a variety of partners including education, arts, culture and local government in the West Midlands to ensure that all children and young people can benefit from engagement in high quality arts and cultural activities.</p> <p>We believe that engagement with the arts and culture in all its forms, the opportunity to take part, to create and produce culture supports young people to build the social and cultural capital that enables them to thrive. It builds creative skills that are valued by employers and can provide pathways into careers in the creative industries.</p> <p>We know that cultural opportunities for young people are not equal and this correlates with post code, socio-economic disadvantage, rural isolation, ethnicity, family status and disability, amongst other factors.</p>
<p>11b411</p>	<p>As part of REAch2 Academy Trust we are a school committed to the 11b411 initiative. We are ambitious for our children to have broad horizons in life and high aspirations for themselves. We want our children to be inspired and challenged so that each one can develop their unique potential to the full.</p> <p>To this end, we have developed the 11 before 11 set of promises, to empower our children to take the driving seat in their own lives. 11 before 11 is designed to take our children beyond the usual school experiences to deliver a range of memorable events that surprise and delight the child; both realising and releasing their potential in a wide range of contexts. 11 before 11 ensures that the touchstone of enjoyment is central to our children's learning as they progress through our family of schools.</p>

	<p>11 before 11 will take our children beyond the usual, to open opportunities in life and inspire them to move forward in their own life's adventure.</p> <p>Our School Adventure Ambassador (SAA) brings the promises to life at our school, through planning the adventures into the school's curriculum; seeking sponsorship; funding; resources and links within and beyond the community. Our Adventure Ambassador also has access to Trust brokered partnerships such as the Scouts Association, Country Trust, Prince William Award, and Sport for Schools.</p>
Commando Joe's	<p>'No Child Left Behind' is the founding ethos of Commando Joes. Every child fully engaged in their education with a 'can do' attitude and self-belief threads through the COJO programme.</p> <p>Heath Hayes have adopted a self-improving and sustainable school-led model that enables us to adopt an approach to delivering the RESPECT (resilience, empathy, self-awareness, positivity, excellence, communication and teamwork) to our children.</p>
50/100 Book Challenge	<p>This challenge spans across the school from Reception right up to Year 6. The book suggestions are sure to inspire more reading and a love of books for years to come. We have a copy of every book in school, old and new, classics and recently published authors alike which enables access for all.</p>
Sunflower Nurture Provision	<p>School should be a place where children are happy; feel secure and where they can achieve as well as they are able – enjoyable for all.</p> <p>We have our very own nurture provision at Heath Hayes Academy called Sunflower Club.</p> <p>Sunflower club:</p> <ul style="list-style-type: none"> • Provides additional help and support for children who may be experiencing some difficulty at school. • Runs sessions for small groups of between six and eight children. • Has two experienced specially trained staff who provide children with an opportunity to develop their skills in a small, homely environment within school. • Promotes self-esteem, confidence and develops social and emotional skills whilst nurturing a motivated and positive approach to learning. • Is an extension of the classroom's good practice with the aim of reintegrating a happier, more confident and able learner back into a full time classroom.
